PERSONAL PROTECTIVE EQUIPMENT POLICY

Personal Protective Equipment should only be used as a 'last resort' or as a short term emergency measure while other control measures are assessed and should only be used for occasional work of short duration when there is no other alternative.

Where Personal Protective Equipment (PPE) is used it **must**:

- be selected considering the hazard and the task
- be compatible with other PPE
- comply with network Rail Sentinel Scheme Rules requirements
- be provided free of charge to employees
- be maintained in efficient working order and in good repair
- be self assessed at six monthly intervals
- be provided with appropriate instruction for the user
