

A Higher Level of Reliability®

QUALITY POLICY STATEMENT

It is the aim of the company to provide a service of the highest possible quality, compliant within the scope of the requirements of ISO 9001:2015, and with particular emphasis on:

- 1) Standard of operator competence, qualification and certification.
- 2) Calibration of equipment and instruments.
- 3) Standard and accuracy of reporting.
- 4) Punctuality.
- 5) Setting and meeting realistic turn-round dates.
- 6) Continually improving the effectiveness of our quality management system, our processes and the services we offer.
- 7) Meeting all customers, statutory and regulatory requirements.

Only operators who meet the training, qualification and certification requirements of the company's training manual shall carry out non-destructive tests.

The quality policy shall be communicated, and explained when necessary, to all company employees through induction training, newsletters, memos and the company website.

The quality policy and quality objectives shall be reviewed at least annually at management meetings.
