

A Higher Level of Reliability®

## HEALTH & SAFETY POLICY STATEMENT

1. Our policy is to conduct all our operations with the health and safety of our employees / training candidates as a prime objective.
2. The company's policy is to do all that is reasonably practicable to prevent injury to all its employees / candidates and to the general public.
3. The policy is applicable to all activities carried out by the company in-house and on-site, including driving and radiation safety.
4. The company has a responsibility to:
  - Comply with all statutory requirements.
  - Provide and maintain healthy and safe working conditions.
  - Provide adequate training and instruction to enable employees / candidates to perform their work safely and efficiently.
  - Make available all necessary safety devices and to supervise their use.
  - Liaise with employees / candidates or their representatives whenever possible in all matters relating to health and safety.
  - Review this health and safety policy annually, or whenever the need arises, whichever is the sooner.
5. It is the duty of each employee / candidates to:
  - Comply with all statutory requirements.
  - Always work in a safe and efficient manner, ensuring the health and safety of him or herself and others.
  - Use protective clothing and equipment provided by the company.
  - Report incidents that have led or may lead to injury or damage.
  - Comply with the company safety procedures.
  - Assist in the investigation of accidents in order to prevent any future occurrence.
6. Arrangements for implementation of this health and safety policy are shown in the Health & Safety Rules and Local Rules (Radiation).
